EXPERIENCE

Cygnoz 2025 - 2026

Senior UI/UX Designer

Led UI/UX design across SaaS, ERP, marketplace, POS, and HR products. Guided two junior designers and worked with product managers and developers.

- Designed user flows, wireframes, high-fidelity screens, prototypes, and responsive layouts.
- Maintained reusable Figma components and performed UI verification during UAT.
- Worked across Sewnex, Salonex, NexPeople, NexProject, NexPortal, 6NexD, and BillBizz.

Softies Technologies Mar 2024 - Oct 2025

UI/UX Designer

Designed storefront themes and custom client experiences for an e-commerce platform, with a focus on navigation and accessibility.

- Designed 30+ storefront themes and custom themes for external clients.
- Used research and usability testing to refine design decisions.

V4C Solutions Mar - Nov 2023

UI/UX Designer

Designed websites, software, mobile and tablet apps, and a 3D game. Partnered with developers on responsive implementation.

- Designed for multiple devices and collaborated with front-end developers on implementation.

Techmindz Nov 2022 - Mar 2023

UI/UX Design Intern

Built a foundation in wireframing, visual design, and interactive prototyping.

EDUCATION

B.Voc. Industrial Instrumentation and Automation
